

DITCH PETITION.

London, Ohio, Sept. 20th, A.D.1913, Petition for location, construction and tiling of a Ditch.

To the Honorable Board of Commissioners, Madison County, Ohio:

The undersigned owners of lots and land which will be drained or benefited by the improvement herein prayed for, hereby make application to your honorable body, and now file with the Auditor of said County, this, their petition, and now and hereby pray for the location, construction and tiling of a ditch on the route hereinafter set forth.

The necessity for and the benefits of the improvement so prayed for is that it will drain and reclaim the lands along the line thereof and adjacent thereto, and will promote the public health, convenience and welfare.

The following is the beginning, route and termini of said proposed improvement, to-wit: Commencing in a pond at the south side of a tract of land formerly owned by Mary E. Baker, and now owned by Ella Dunn, at or near the beginning of an eight (8) inch tile ditch (an old township ditch) running thence in a northerly direction following the course of the old township ditch as nearly as practicable, through the lands of Ella Dunn and into the lands of Clara Bradley; thence in a northeasterly direction into and through the lands of said Ella Dunn, into the lands of said Clara Bradley terminating therein in an open ditch, thence as an open ditch deepening and widening across the Urbana pike; through the lands of Ella J. Sidner and Z.R. Taylor far enough to give a good and sufficient outlet to lands draining there into. And for the construction and tiling of a lateral beginning at the outlet of a tile ditch in the lands of C.F. Sanford at or near the Seaman Road, running thence in a northeasterly direction through the lands of Bertha L. Goldenbogen and Clara Bradley to its junction with the main ditch herein petitioned for. And for such other and further laterals as may be necessary to properly drain said territory. The entire route of said ditch being in Jefferson township, Madison County, Ohio.

The Names of all Persons and Corporations, either public or private, who in the opinion of the petitioners are in any way affected or benefited thereby are as follows:

Ella Dunn, Clara Bradley, Bertha L. Goldenbogen, M.F. Dunn, Lucy L. Putnam, Dosia Silver, Chas. F. Sanford, Jonathan J. Bradley, George W. Seaman, Luther W. Johnson, Lizzie Burrell, Eliza Rutherford, Z.R. Taylor and Ella J. Sidner.

DITCH NOTICE.

Auditor's Office, Madison County, Ohio.

September 22, 1913.

Notice to Non-resident Lot or Land Owners.

In the matter of Ditch Improvement petitioned for by Ella Dunn et al. To the Lot or Land Owners and to the Corporations, either Public or Private, affected by said Improvement: . . .

You, and each of you, are hereby notified that on the 20th day of September, 1913, Ella Dunn et al., filed a petition with the Auditor of Madison County, Ohio, the prayer of which is for the location, construction and tiling of a ditch on the following starting point, route and terminus, to-wit:

Commencing in a pond at the south side of a tract of land formerly owned by Mary E. Baker, and now owned by Ella Dunn, at or near the beginning of an eight (8) inch tile ditch (and old township ditch); running thence in a northerly direction, following the course of the old township ditch as nearly as practicable, through the lands of Ella Dunn and into the lands of Clara Bradley; thence in a northeasterly direction into and through the lands of said Ella Dunn, into the lands of said Clara Bradley terminating therein in an open ditch; thence as an open ditch deepening and widening across the Urbana Pike; through the lands of Ella J. Sidner and Z.R. Taylor far enough to give a good and sufficient outlet to lands draining thereinto. And for the construction and tiling of a lateral beginning at the outlet of a tile ditch in the lands of C.F. Sanford at or near the Seaman road, running thence in a northeasterly direction through the lands of Bertha L. Goldenbogen and Clara Bradley to its junction with the main ditch herein petitioned for. And for such other and further laterals as may be necessary to properly drain said territory. The entire route of said ditch being in Jefferson township, Madison County, Ohio.

Your petitioners ask that said ditch may be made a tile ditch from the beginning to a point where it terminates in an open ditch on the land of Clara Bradley, said open ditch to be deepened and widened far enough to give a good and sufficient outlet.

You are also notified that the following time and place have been fixed when and where the commissioners of said county will meet for the hearing of said petition, to-wit: Tuesday, October 14, 1913, at 10 o'clock a.m., at the beginning of said proposed ditch improvement, for the purpose of hearing any and all proof offered by any of the parties affected by said ditch improvement, whether the said ditch will be conducive to the public health, convenience and welfare; and whether the route described is the best route; and any and all objections to said proposed ditch improvement.

Report of Engineer.

Schedule "C".

Auditor's Office, Madison County, Ohio.

In the matter of County Ditch Improvement No. ... Petitioned for by Ella Dunn, et al) Specifications of the Manner of Construction

The main ditch and laterals must be cut fully down to the grade line and must be made to conform to the gradients shown on profile, filed herewith.

The main ditch is to be constructed as a tile ditch from station 61 to station 0 using the following sized tile:

From station 61 to station 22 20 inch tile.

" " 22 " " 17 18 " "

" " 17 " " 13 15 " "

" " 13 " " 0 12 " "

All laterals are to be tiled using the following sizes:

Lateral No. 6 8 inch tile

" " 5 8 " "

" " 4 from station 28+40 to station 7+56, 12 inch tile and from station 7+56 to station 0 10 inch tile.

Lateral No. 2 6 inch tile

" " 1 8 " "

All tile to be cylindrical, first class well burned drain tile, or a good quality of selected second class sewer pipe.

To be delivered on the line of the work 100 feet of tile to each 100 feet of ditch.

Any improper delivery of tile or failure to have same delivered at proper time, thereby causing delay to the contractor for construction, must be made good by the tile contractor, and any loss of time caused thereby will be estimated and deducted from tile contract at time of settlement for the tile.

After the trench is excavated, as above specified, the tile are to be carefully laid and jointed within $\frac{1}{4}$ of an inch. No dirt to be placed on tile until after they have been examined by the Engineer in charge of the work.

The contractor for construction is to put in all Ys and connect all lateral ditches, either old or new, without extra compensation therefore, which said connections do not exceed 1 rod in length and provided the land owner has furnished the tile for making said connections.

The contractor to do all grubbing and deaden all timber designated by the Engineer.

After tile in ditch has been examined, the contractor for construction shall cause the trench to be filled, using all earth removed from the trench in so doing.

The main ditch from station 66+36 to station 61 is to be made an open ditch 2 feet wide in the bottom with side slopes of $1\frac{1}{2}$ to 1. All earth therefrom to be spread as evenly as possible and no excavated material to be left nearer than 10 feet of the ditch banks. Contractor for open ditch to do all necessary grubbing and clearing

In case soft or spongy ground is found, the contractor for constructing the tile ditches will use the necessary bracing to insure the safety of those making the excavation, and if necessary will use plank under the tile to prevent settlement. This he is to do without extra compensation, but the lumber for planking under the tile will be furnished.

At station 61 a concrete bulkhead is to be constructed of dimensions shown elsewhere in this report, to be composed of American Portland Cement 1 part and clean, sharp, fairly coarse gravel 5 parts, mixed and deposited according to instructions of the Engineer.

The Ella Dunn Ditch Improvement.

After the tile ditches have been completed and filled it will be necessary for the contractor to obtain a written statement from each owner, through whose premises the ditch passes, before final estimate will be issued.- This statement to show that the work is satisfactory and complete.

H. L. McCafferty,
Engineer.

Nov. 25, 1913.

Engineer's report approved as amended.

CONTRACT.

This agreement made and entered into this 9th day of March, A.D. 1914, by and
between the Commissioners of Madison County, Ohio, party of the first part, and
D. S. Busick, Contractor, party of the second part, witnesseth:

That the party of the second part hereby agrees with the party of the first
part for and in consideration of the sum of one hundred thirty two and no/100
Dollars, hereafter to be paid and under the penalty expressed in a bond bearing
even date with these presents and hereto attached, to furnish at his own expense
all the necessary materials, labor and tools to build, construct and complete, in
a good, substantial and workmanlike manner, and in accordance with the plans and
specifications hereto attached, the following:

Bulkhead, on the Ella Dunn Ditch. 22 cu. yds. @ .6.00 = 132.00

The Contractor shall erect suitable railing about the work, and shall place
sufficient light on or near the work for the safety of the public.

The Contractor shall, at his own expense, provide a temporary roadway and
bridge around the work during construction.

The Contractor shall remove all surplus earth from side ditches and channel of
stream, and evenly spread the same on the roadway.

The Contractor shall be responsible for injuries to persons and property in-
flicted during the prosecution of the work, and the County shall in nowise be
liable therefor.

The Contractor agrees to conform to the direction of said Commissioners, or
other persons appointed by them to take charge of the work, and any increase or

decrease in material or labor ordered by them shall be calculated at the same rate as required in original plans and specifications.

The party of the first part agrees, upon the completion of said work as above specified, that they will cause an order to be drawn by the Auditor of said County on the Treasurer of said County payable to the party of the second part, for such sum as may be due him upon the actual measurement of the work.

If it becomes necessary to increase or diminish the amount of work stipulated in this contract, then the amount of such increase or reduction will be estimated at the rate of the contract and allowed or deducted as the case may be.

Work to begin at once, and to be fully completed on or before April 16th, 1914.
