## G REPORT OF COUNTY ENGINEER

In the Matter of the  
Single County Ditch Petitioned for by  
Cephas Atkinson and others.

County Engineer's Office,  
Madison County, Ohio  
January 7, 1957

Proceedings for remove existing headwall, extend old tile with new 18" tile and construct new headwall, reconstruct, clear and grub old open ditch.

To the Board of County Commissioners Madison County, Ohio:

The undersigned County Engineer, in obedience to the order of your Board, made on the 20th day of August, 1956, proceeded in the above matter, and visited the proposed location of said improvement, and made the necessary survey for the proposed improvement, as found by the Commissioners, and suitable maps showing the location of the land proposed to be assessed, and profiles showing the cutting and gradient of the improvement, and make an estimate of the cost of the construction of said improvement; and set proper construction stakes, beginning at the upper terminus of the improvement and noted intersection of the line of the improvement with the land boundaries of separate owners, township and county lines, natural land marks, road crossings or other lines or marks; and took and noted necessary levels off the lines of the improvement for contour purposes, to determine the area of the land subject to drainage, and to determine the land that will be specially benefited by the construction of the improvement.

I also established, at intervals of not less than one in each mile, in the most practical, permanent form, and in locations where destruction or disturbance is improbable, benchmarks from which the original levels of the improvement can be established. The relation of the assumed elevation used by me in my work upon this improvement, to the established elevation of-----  
of the geological survey of the United States, in the County, is as follows:  
No U. S. C. & G. B. M. available.

I also made a schedule of the work proposed to be done, showing the fall, the depth, the excavating to be done, the location of the permanent bench marks and their actual elevation above or below the base elevation used, the nature of the excavation, and the location of quicksand or rock, or other special features.

I also prepared a schedule containing the name of each owner of land, with a description of the land which I believe to be benefited by the proposed improvement, taken from the tax duplicates of the County, and have entered in said schedule the proximate number of acres benefited by the proposed improvement, and the amount that said land, in my opinion, ought to be assessed, according to benefits.

I also prepared proper working specifications for the construction of the improvement, including catch basins, retaining walls, size and kind of tile, etc.

I made estimates of the cost of excavating and the cost of the material and divided the construction of said improvement into such working sections as were deemed expedient.

The said survey, maps, profiles, schedules, and reports are hereto attached and made a part hereof.

My estimate of the cost of the construction of said improvement is as follows:

Labor	4081.61	
Materials	1605.79	5687.40
Engineering	582.00	
Inspection	200.00	
Contingencies	200.00	982.00
		6669.40

## HEAFEY DITCH

The following fences, flood gates, culverts, and bridges will be removed in constructing said improvement: None

The following culverts and bridges must be raised or the channel thereof enlarged to construct the improvement: None

I estimate the cost of inspecting the work as it progresses to be \$200.00

The following is an itemized bill of the costs and expenses incurred in the discharge of the aforesaid duties:

Charles P. England	Deputy	12 days, at \$13.00 per day	\$156.00
Gideon T. Clark	Deputy	18 days, at 12.00 per day	216.00
Charles Cutlip	Rodman	10 days, at 11.00 per day	110.00

The amount of your final assessment on the Heafey Ditch is set forth above. If you intend to pay cash, settlement should be made at the County Auditor's Office in London, on or before March 2, 1959. If you wish the amount of your assessment to be collected as taxes sign the enclosed form and return. All assessments according to Section 6131.23 that are less than \$5.00 must be paid in cash. All assessments that are collected as taxes are assessed twice each year for a period of five years with 4% interest included thereon.

Forrest R. Hanson  
Auditor, Madison County
