May 7, A. D. 1906.

This day the Commissioners of Madison County, being in special session, members present, Geo. E. Roberts, W. P. Lokenorth, J. W. Bowers and a copy of the petition for the deepening, widening, straightening and construction of a county ditch have been delivered to us by the County Auditor, and it appearing to us that the proper bond has been filed with the Auditor, and by him approved, conditioned for the payment of all costs if the prayer of the petition be not granted or be dismissed for any cause, we, therefore, on the 12th day of June 1906, the day fixed by the Auditor for hearings, did meet at the place of beginning of said ditch, as described in the petition, and heard all proof offered by any of the parties affected by said improvement and other persons competent to testify; and we went over and along the line of said improvement, and by actual view of the said ditch and the premises along and adjacent thereto and to be drained or benefited thereby, determined the necessity thereof. And we do hereby find that said improvement is necessary, and will be conducive to the public health, convenience and welfare, and a benefit to the lots and lands along the line thereof by furnishing drainage thereto.

And we further find that the route described is the best.

The following route was determined upon by us, viz: Commencing in what is known as the "J. H. Perkins Ditch" at the line between the lands of Jerry Hafey, deceased, and Charles D. Converse; thence following the line of said ditch in an easterly direction, thro' the lands of said Charles D. Converse and into H. W. Greenbarrs' land; thence in a general south-easterly direction through said lands (crossing the Wilson and Waight Pike) and the lands of Mary Atkinson, Bephus Atkinson, and Sarah Walker; thence in an easterly direction crossing Strickland Avenue and thro' the lands of Elizabeth Millikin, Julia Converse and terminating on the line between the lands of Julia Converse and Peter Strickland.

And we do hereby order the Auditor to enter this our finding, in writing, on the Commissioners' Journal. And we do further authorize the Auditor to enter upon said journal an order directing the County Surveyor to go upon the line as described in the petition or as changed by us in accordance with Section 4489 P.S., as described above, and survey and level the same, and set a stake at every one hundred feet numbering down stream, and to embody in said order direction to the said Surveyor to make and return a schedule of all lots or lands, and public or corporate roads or railroad, that will be benefited, and an apportionment of the estimated cost of locating and constructing said improvement, in money, according to the benefits which will result to each, and to perform such other duties as are required in Sections 4454, 4455 and 4456 P.S., as now in force and effect; and to file his report with the County Auditor on or before the date hereinafter fixed for hearing the same.

It is further ordered that the 12th day of June 1906, at 10
