

The Hott Ditch Improvement.
DITCH PETITION.

London, Ohio, February 11, A.D. 1911, Petition for Ditch of a Ditch.

To the Honorable Board of Commissioners, Madison County, Ohio;

The undersigned owners of lots and lands which will be drained or benefited by the improvement herein prayed for, hereby make application to your honorable body, and now file with the Auditor of said County, this, their petition, and now and hereby pray for the location and construction of a ditch on the route hereinafter set forth.

The necessity for and the benefits of the improvement so prayed for is that it will drain and reclaim the lands along the line thereof and adjacent thereto, and will promote the public health, convenience and welfare.

The following is the beginning, route and termini of said proposed improvement, to-wit; Commencing at the mouth of a ten and fifteen inch tile ditch about 150 feet westerly of the London and Mt. Sterling pike, and about 500 feet north of the north west corner of the lands of Harry Mantle in Oak Run Township, Madison County, Ohio; running thence in an easterly direction, with an open ditch, or as near as practicable thereto, through the lands of Jeremiah Rea, Harry Mantle, and in a south easterly direction through the lands of George A. Hott, to another open ditch or Run, on said lands of George A. Hott, and there terminating.

Your petitioner further prays that said ditch may be tiled with drain tile of sufficient size to drain the lands affected by said improvement.

The Names of all Persons and Corporations, either public or private, who in the opinion of the petitioners are in any way affected or benefited thereby are as follows;

PETITIONER'S BOND.

KNOW ALL MEN BY THESE PRESENTS, That George A. Hott as principal, and..... and as sureties, are held and firmly bound unto the State of Ohio, in the penal sum of Two hundred Dollars, good and lawful money, for which we bind ourselves, and our heirs, executors and administrators.

Signed by us and dated this 11th day of February, A.D. 1911.

The condition of the above obligation is such, nevertheless, that, whereas, on the 11th day of Feby. 1911, the above bounden George A. Hott made application to the Commissioners of Madison County, and on said day filed with the Auditor of said County his petition for the location and construction of a ditch in pursuance of the statute in such case made and provided, on the following route and termini, to-wit; Commencing at the mouth of a ten and fifteen inch tile ditch about 150 feet westerly of the London and Mt. Sterling pike, and about 500 feet north of the north west corner of the lands of Harry Mantle in Oak Run Township, Madison County, Ohio; running thence in an easterly direction, with an open ditch, or as near as practicable thereto, through the lands of Jeremiah Rea, Harry Mantle, and in a south easterly direction through the lands of George A. Hott, to another open ditch or Run, on said

lands of George A. Hott, and there terminating.

Your petitioner further prays that said ditch may be tiled with drain tile of sufficient size to drain the lands affected by said improvement.

Now if the above bounden George A. Hott shall pay all costs, if the prayer of said petition be not granted, or if for any other cause the same shall be dismissed, then this obligation shall be void.

The above bond and the sureties thereon,
are approved by me this 11th day of
February, 1911.

Auditor's Office, Madison County, Ohio.

In the matter of County Ditch Improvement No. 1. (Petitioned for by Geo. A. Hott.) Specifications of the Manner of Construction.

May 2nd, AD. 1911.

This Improvement shall be made a tile ditch from Station 0 to Station 29+10 its terminus. Tile.

15 inch tile shall be used throughout the entire length of the ditch.

All tile to be used in this Improvement shall be first class cylindrical drain tile, free from cracks, checks or other defects.

The Ys used for making connections of Laterals shall be vitrified Sewer pipe Ys.

The estimate for tile and Ys includes the delivery of the same on the line of the ditch in their proper place. Any expense caused the contractor for construction by failure to deliver or by improper delivery will be charged against the tile contract and deducted therefrom at time of settlement.

Construction.

The trench for receiving the tile shall be cut down to the grade line and on the gradients as shown on the Profile filed herewith and as indicated in Schedule "A" of this report.

The trench shall also be cut in a straight line from one angle to another and the grade line kept uniform from one grade point to another.

In trenches thus prepared the tile shall be laid and jointed as closely as possible so

as to prevent any sediment from entering at the joint. Only sufficient dirt shall be placed on and around the tile to hold them in place until after they have been inspected by the Engineer in charge of the work. After inspection if found satisfactorily laid; all new cuts shall be filled full, and where the ditch is constructed in an open channel sufficient dirt shall be put on the tile to protect them from injury from any cause.

If the dirt taken out in making the trench is not sufficient, the banks shall be plowed down and pulled in over the tile to make a sufficient covering.

The contractor for constructing the tile ditch shall put in place all Ys and connect all Laterals, either old or new, without extra compensation therefor, unless they require taking up and cleaning or lowering for more than one rod. Then he shall be allowed a reasonable compensation to be determined by the Engineer in charge of the work.

The estimate for construction includes the grubbing of all brush and deadening of all timber standing within 20 feet of the tile.

Concrete Catch Basin.

At Station 0 there will be constructed a Concrete Catch Basin of the size and dimensions as shown on Schedule "A" "A" of this report. A clear right of way of 30 feet on each side of the ditch is reserved for delivering the tile and constructing the ditch.

H. L. McCafferty,

Co. Surveyor.

The open ditch shall be cleaned out below the mouth of the tile a distance sufficient to give said tile a good and clear outlet.

The within report and apportionment approved as submitted this 2nd day of May, 1911.
