REPORT OF COUNTY ENGINEER

County Engineer's Office,
Madison County, Ohio.

Oct. 9, 1939.

In the Matter of

The Single County Ditch Petitioned for by

C.F. Sanford et al

Proceedings for

To the Honorable The Board of County Commissioners, Madison County, Ohio:

The undersigned County Engineer, in obedience to the order of your Honorable Body, made on the 14th day of August, 1939, proceeded in the above matter, and visited the proposed location of said improvement and made the necessary survey for the proposed improvement, as found by the Commissioners, and suitable maps showing the location of the land proposed to be assessed, and profiles showing the cutting and gradient of the improvement; and an estimate of the cost of the construction of said improvement; and set proper construction stakes, beginning at the upper terminus of the improvement, and noted the intersection of the line of the improvement with the land boundaries of separate owners, township and county lines, natural land marks, road crossings, or other lines or marks; and took and noted necessary levels off the lines of the improvement for contour purposes, to determine the area of the land subject to drainage, and to determine the land that will be specially benefited by the construction of the improvement.

I also established, at intervals of not less than one in each mile, in the most practical, permanent forms, and in locations where destruction or disturbance is improbable, bench marks from which the original levels of the improvement can be established. The relation of the assumed elevation used by me in my work upon this improvement, to the established elevation of the geological survey of the United States, in the county, is as follows:

I also made a schedule of the work proposed to be done, showing the fall, the depth, the excavating to be done, the location of the permanent bench marks and their actual elevation above or below the base elevation used, the nature of the excavation, and the location of quicksand or rock, etc.

I also prepared a schedule containing the name of each owner of land, with a description of the land which I believe to be benefited by the proposed improvement, taken from the tax duplicate of the county, and have entered in said schedule the proximate number of acres benefited by the proposed improvement, and the amount that said land, in my opinion, ought to be assessed, according to benefits.

I also prepared proper working specifications for the construction of the improvement, including catch basins, retaining walls, size and kind of tile, etc.

I made estimates of the cost of excavating and of the cost of material and divided the construction of said improvement into such working sections as were deemed expedient.

The said survey, maps, profiles, schedules, and reports are hereto attached and made a part hereto attached and made a part hereof.

My estimate of the cost of the construction of said improvement is as follows:

2389.4 Cu. Yds. Earth excavation A \$0.20	\$477.88
Grubbing	50.00
Setting 60.6 Rds. 10" tile, clean and relay A \$1.40	84.84
1 Tree to deaden	1.00
4.6 Cu. Yds. Head-wall excavation A \$0.75	3.45
30 rd. 10" tile A \$1.75 per rd.	52.50
142.2 lbs. reinforcing steel A \$0.05	7.11
3.0 Cu. Yds. Concrete @ \$15.00	<u>45.00</u>
Total	\$721.78

The following fences, flood gates, culverts and bridges will be removed in constructing said improvement:

Fences 4+41, 15+37, 18+20, 31+91 36+40

Bridge 32+51

The following culverts and bridges must be raised or the channel thereof enlarged to construct the improvement:

Station 32+51 Bridge to be removed

I estimate the cost of inspecting the work as it progresses to be \$25.00

The following is an itemized bill of the costs and expenses incurred in the discharge of the aforesaid duties:

Guy W. Correll	Deputy	10 days, at \$5.00 per day,	\$50.00
Howard Barnhart	Chainman	6 " " 3.00 " "	18.00
Martell Roberts	Chainman	6 " " 3.00 " "	18.00
Joe Dundon	Chainman	2½ " " 3.00 " "	7.50
Other expenses	Stakes, Blue Prints and Paper		1.50

HEARING

In the matter of the C.F. Sanford Ditch, the hearing scheduled for this date was called to order by the President of the Board at 2:00 P.M., with the Commissioners, Engineer and Auditor present, and also the following interested persons, to-wit: Dale Fullerton, George Larkin, Ernest Griffin, Elta O. Griffin, Leonard Wheeler, and D.B. Hill for the Oak Hill Cemetery.

In the course of the discussion, it was ascertained that all present were agreeable to the improvement, however, Dale Fullerton offered objections for the reason that he owns only 511 acres while he is assessed in both the Children's Home Ditch and the present improvement on a total of 584 acres, and he requests an adjustment on the acreage assessed.

Dale Fullerton also objected on the grounds that state highway # 42 derives benefits from the present improvement and no assessment appears on the schedule against Madison County for the said benefit. George Larkin also verified that considerable water is drained from the roadway through the ditch to be improved and that the county should be assessed a certain portion of the costs.

After further discussion and consideration by the Board, the acreage and assessment of the Fullerton interests, represented by Dale Fullerton, was amended and adjusted to the apparent satisfaction of Mr. Fullerton and an assessment was authorized for Madison County to assume all of which are embodied in the order of the Commissioners, following this article.

Mr. Plymell moved the adoption of the following Resolution:

Whereas, Said Board has heretofore, by Resolution duly passed on the 30 day of October, 1939, affirmed their former order finding in favor of the location of the County Ditch, petitioned for by C.F. Sanford and others; and

Whereas, It is now deemed necessary to issue and sell \$766.12 of notes under authority of Section 2293-24 of the General Code of Ohio for the purpose of providing funds in anticipation of the levy of special assessments or of the issuance of bonds, for the location of said County Ditch; and

Whereas, The County Auditor has certified the maximum maturity of said notes under authority of Section 2293-24 of the General Code of Ohio for the purpose of providing funds in anticipation of the levy of special assessments or of the issuance of bonds, for the location of said County Ditch; and

Whereas, The County Auditor has certified the maximum maturity of said notes to be 5 years, which maximum maturity does not exceed the estimated life or usefulness of the improvement fixed by Section 2293-9 of the General Code of Ohio; and

Whereas, This Board has heretofore by Resolution duly passed on the 12 day of November, 1940 determined that 5 years shall be the period of time, in semi-annual installments, as taxes are paid, given the owners of land benefited to pay the assessment that may be made for the improvement; now, therefore, be it

Resolved, By the Board of County Commissioners of Madison County, Ohio, that in the judgment of said Board of County Commissioners, it is now necessary in anticipation of the levy of special assessments or of the issuance of bonds to issue and sell the notes of said County under and by virtue of the authority of Section 2293-24 of the General Code of Ohio in the aggregate sum of Seven hundred sixty-six and 12/100 Dollars (\$766.12), not exceeding in amount that portion of the estimated cost of the improvement for which the assessment is levied, to provide a fund for the payment of the cost and expense of the location of said County Ditch according to the terms of said Resolution above referred to; and be it further

RESOLVED, That said notes shall be dated the 21st day of December, 1940, and shall be in the denomination of Seven hundred sixty-six and 12/100 Dollars (766.12) and shall be numbered 2.

SANFORD COUNTY DITCH

Said notes shall bear interest at the rate of 4 per centum per annum until paid, and the interest on said notes shall be payable on the 21st day of June and the 21st day of December, 1941 and until the principal sum of said notes is paid and as evidenced by interest coupons attached thereto. Said notes shall not be issued for a longer period of time than two years from date thereof and shall be payable at the office of the Treasurer of said County at London, Ohio, upon presentation and surrender of said notes and interest coupons as they respectively mature. Said notes shall be redeemable at any interest period.

Said notes shall be due and payable as follows:

<u>No</u>	<u>Date</u>	<u>Amount</u>
2	June 21, 1940	\$766.12

Said notes shall specify on their face the purpose for which they are issued, and that they are issued in pursuance of this resolution and under authority of the General Laws of the State of Ohio, particularly Section 2293-24 of the General Code, and shall be full general obligations of said Madison County, and for the full amount thereof, and the full faith, credit and revenue of said County are hereby pledged for the payment of the principal and interest thereof at maturity.

Said notes shall be signed by the members of the Board of County Commissioners of said County, and the County Auditor and bear his seal, and the interest coupons shall have the fac-simile signature of said County Auditor printed or lithographed thereon; and be it further

RESOLVED, That said notes shall be paid from the proceeds of bonds hereafter issued in anticipation of the collection of assessments and all of the assessments collected for the improvement shall be applied to the payment of the notes and interest thereon until both are fully paid; and be it further

RESOLVED, That there shall be and is hereby levied on all the taxable property in Madison County, Ohio, in addition to all other taxes a direct tax annually during the years while such notes run, not less than that which would have been levied if bonds had been issued without the prior issue of such notes. Provided, however, that said levy may be reduced each year by the amount of special assessments paid into the Co. Treasury to apply on said notes & principal.

Said tax shall be, and is hereby ordered computed, certified, levied and extended upon the tax duplicate, and collected by the same officers, in the same manner and at the same time that taxes for general purposes for each of said years are certified, levied, extended and collected. Said tax shall be placed before and in preference to all other items and for the full amount thereof. The funds derived from said tax levies hereby required shall be placed in a separate and distinct fund, which, together with all interest collected on the same, shall be irrevocably pledged for the payment of the interest and principal of said notes, when and as the same fall due.

It is hereby determined that all acts, conditions and things necessary to be done precedent to and in the issuance of said notes in order to make the same legal, valid and binding obligations of said County have been done, have happened and been performed in regular and due form as required by law and that the tax for the payment of the principal and interest as the same falls due and is payable does not exceed any limitations of taxation of said County, and that the amount of this note issue does not exceed any limitation of indebtedness as fixed by law.
